MEDIA ANNOUNCEMENT

Local Health Clinic Celebrates Hispanic Heritage Month

(San Francisco) – The Mission Neighborhood Health Center (MNHC) will be celebrating Hispanic Heritage Month with a focus on Free HIV Testing. While the health clinics remained open throughout the pandemic, the number of people tested for HIV decreased.

Bilingual staff will be available for all people interested; no appointment necessary for HIV Testing as follows:

**Wednesdays, September 15, 22, 29, and,
October 6 and 13, 2021
2:00 PM – 6:00 PM
240 Shotwell St. and 16th Street (parking lot)
San Francisco, CA 94110**

In addition, COVID19 vaccines and COVID19 testing continue to be available to patients and community members both, by appointment and walk-ins.

Through its clinics in the Mission, Bernal and Excelsior Districts, Mission Neighborhood Health Center provides quality medical care and a variety of services for children, youth, and adults, including those who self-identify as LGBTQ+, and people experiencing homelessness.

Celebrated each year from September 15th through October 15th, Hispanic Heritage Month recognizes the contributions of USA Latinx and others who have roots in Latin America and/or Spanish speaking countries, honoring the Latino culture.
